Dear Cecilia:

Thank you so much for your educational program, *Children and Dogs Can Be Friends*, at the King Library Children's Room on Saturday, August 12, 2006. The children and parents learned so much about the best ways to approach dogs in a safe and sensitive manner, benefiting both the child and the dog.

With so much media attention focused on the dangers and unfortunate outcomes of children interacting with dogs, your program offered families realistic techniques so that children do not have to grow up fearing animals they encounter. KADIE certainly offers a valuable community service. I would highly recommend your program to other groups working with preschool and elementary age children and their parents.

The children loved your dog, Claire, and were thrilled to stand in line waiting for their turn to pet her in the proper manner.

Thank you again, Cecilia, for sharing your knowledge and enthusiasm with the families at the King Library.

Sincerely yours,

Dawn Imada
