

Rules for Dog Safety:

If it's a dog you don't know, ask or don't go

Don't run by a dog; be a tree or a log

Two feet of space will save your face

If the dog has a bone, leave it alone

If the dog is asleep, don't try to greet

**If puppies are with their mom,
don't go near, just move along**

If the dog is tied up, stay away, don't walk up
